Planning Sub Committee
February
Evaluation of Planning Applications

Sherston Parish Council - 12th February 2015

Applications 15/00252/FUL (1 Thomsons Hill), 15/00603/TCA (Barton House, Swan Barton) and 15/00721/PNTL (Water Tower). No objections at all.

15/00482/FUL with 15/00505/LBC. (36 High Street, Sherston) This retrospective application was a cause of some concern. Why did the Conservation Officer call for it, as it is claimed? The residents at No 32, according to their letter, consider there have been errors and deviations from the original approved plans. The air-source heat exchanger, for example, if it is installed as per the plan , is too near the boundary wall. Then there is the matter of the vent pipes position.

We would ask that this application be examined most carefully by Planning, Planning Enforcement and Conservation and that we are informed of the results. Due to the nature of the application we also would like an extension for the parish councils comments until the parish council has heard back from the enforcement team.

G J Morris, Chairman, Planning Sub-Committee.
