Hi Deborah,

Just reviewed the amendments sent on the 24<sup>th</sup> July the other day, in general the combination of the text and illustrations explains the context and demonstrates an understanding of the heritage constraints.

In general I am content that the suggested revisions are sufficient together with the analysis of the Vicarage site to address the issues previously raised by HE and subsequently discussed with the Sherston Neighbourhood Plan Team.

The key constraints are now documented and issues identified in order that the capacity and characteristics of the sites can be adequately understood.
